

Job Description –Analyst – Equity Research

Analyst – Equity Research is expected to work as a member of the equity research team at Akseer Research, covering both local and foreign equities. The candidate will be expected to undertake detailed and focused research on the assigned sectors with the goal of contributing to investment ideas and client requirements.

Key responsibilities of the analyst would be as follows:

- Develop a thorough understanding of sectors/companies assigned.
- Conduct detailed research (both primary and secondary) on the assigned sectors/companies and generate investment ideas.
- Prepare detailed financial models, databases and reports on the assigned sectors and companies under coverage
- Remain abreast of the key developments occurring in the broader market in general and assigned sectors in specific and provide active and timely updates through alerts and briefs.
- Assist the department in developing/maintaining/updating databases and periodical reports.

Experience Required

1 – 3 years of experience in Equity Research

Employee Profile

The analyst should at least have a bachelor's degree in economics, finance, accounting or related areas from a well reputed institution or an ACCA. Candidates with a CFA qualification (charter holders/actively pursuing the program) will be preferred. The other requirements are given below:

- Strong analytical and conceptual skills encompassing finance and investment.
- Thorough understanding of various valuation approaches and methods
- Excellent communications skills (both written and oral English).
- Should be confident, hardworking, result oriented and a good team player

Job Location

Shahrah-e-Faisal, Karachi.
